

Snorkel Clearing

It's as easy as
1 2 3

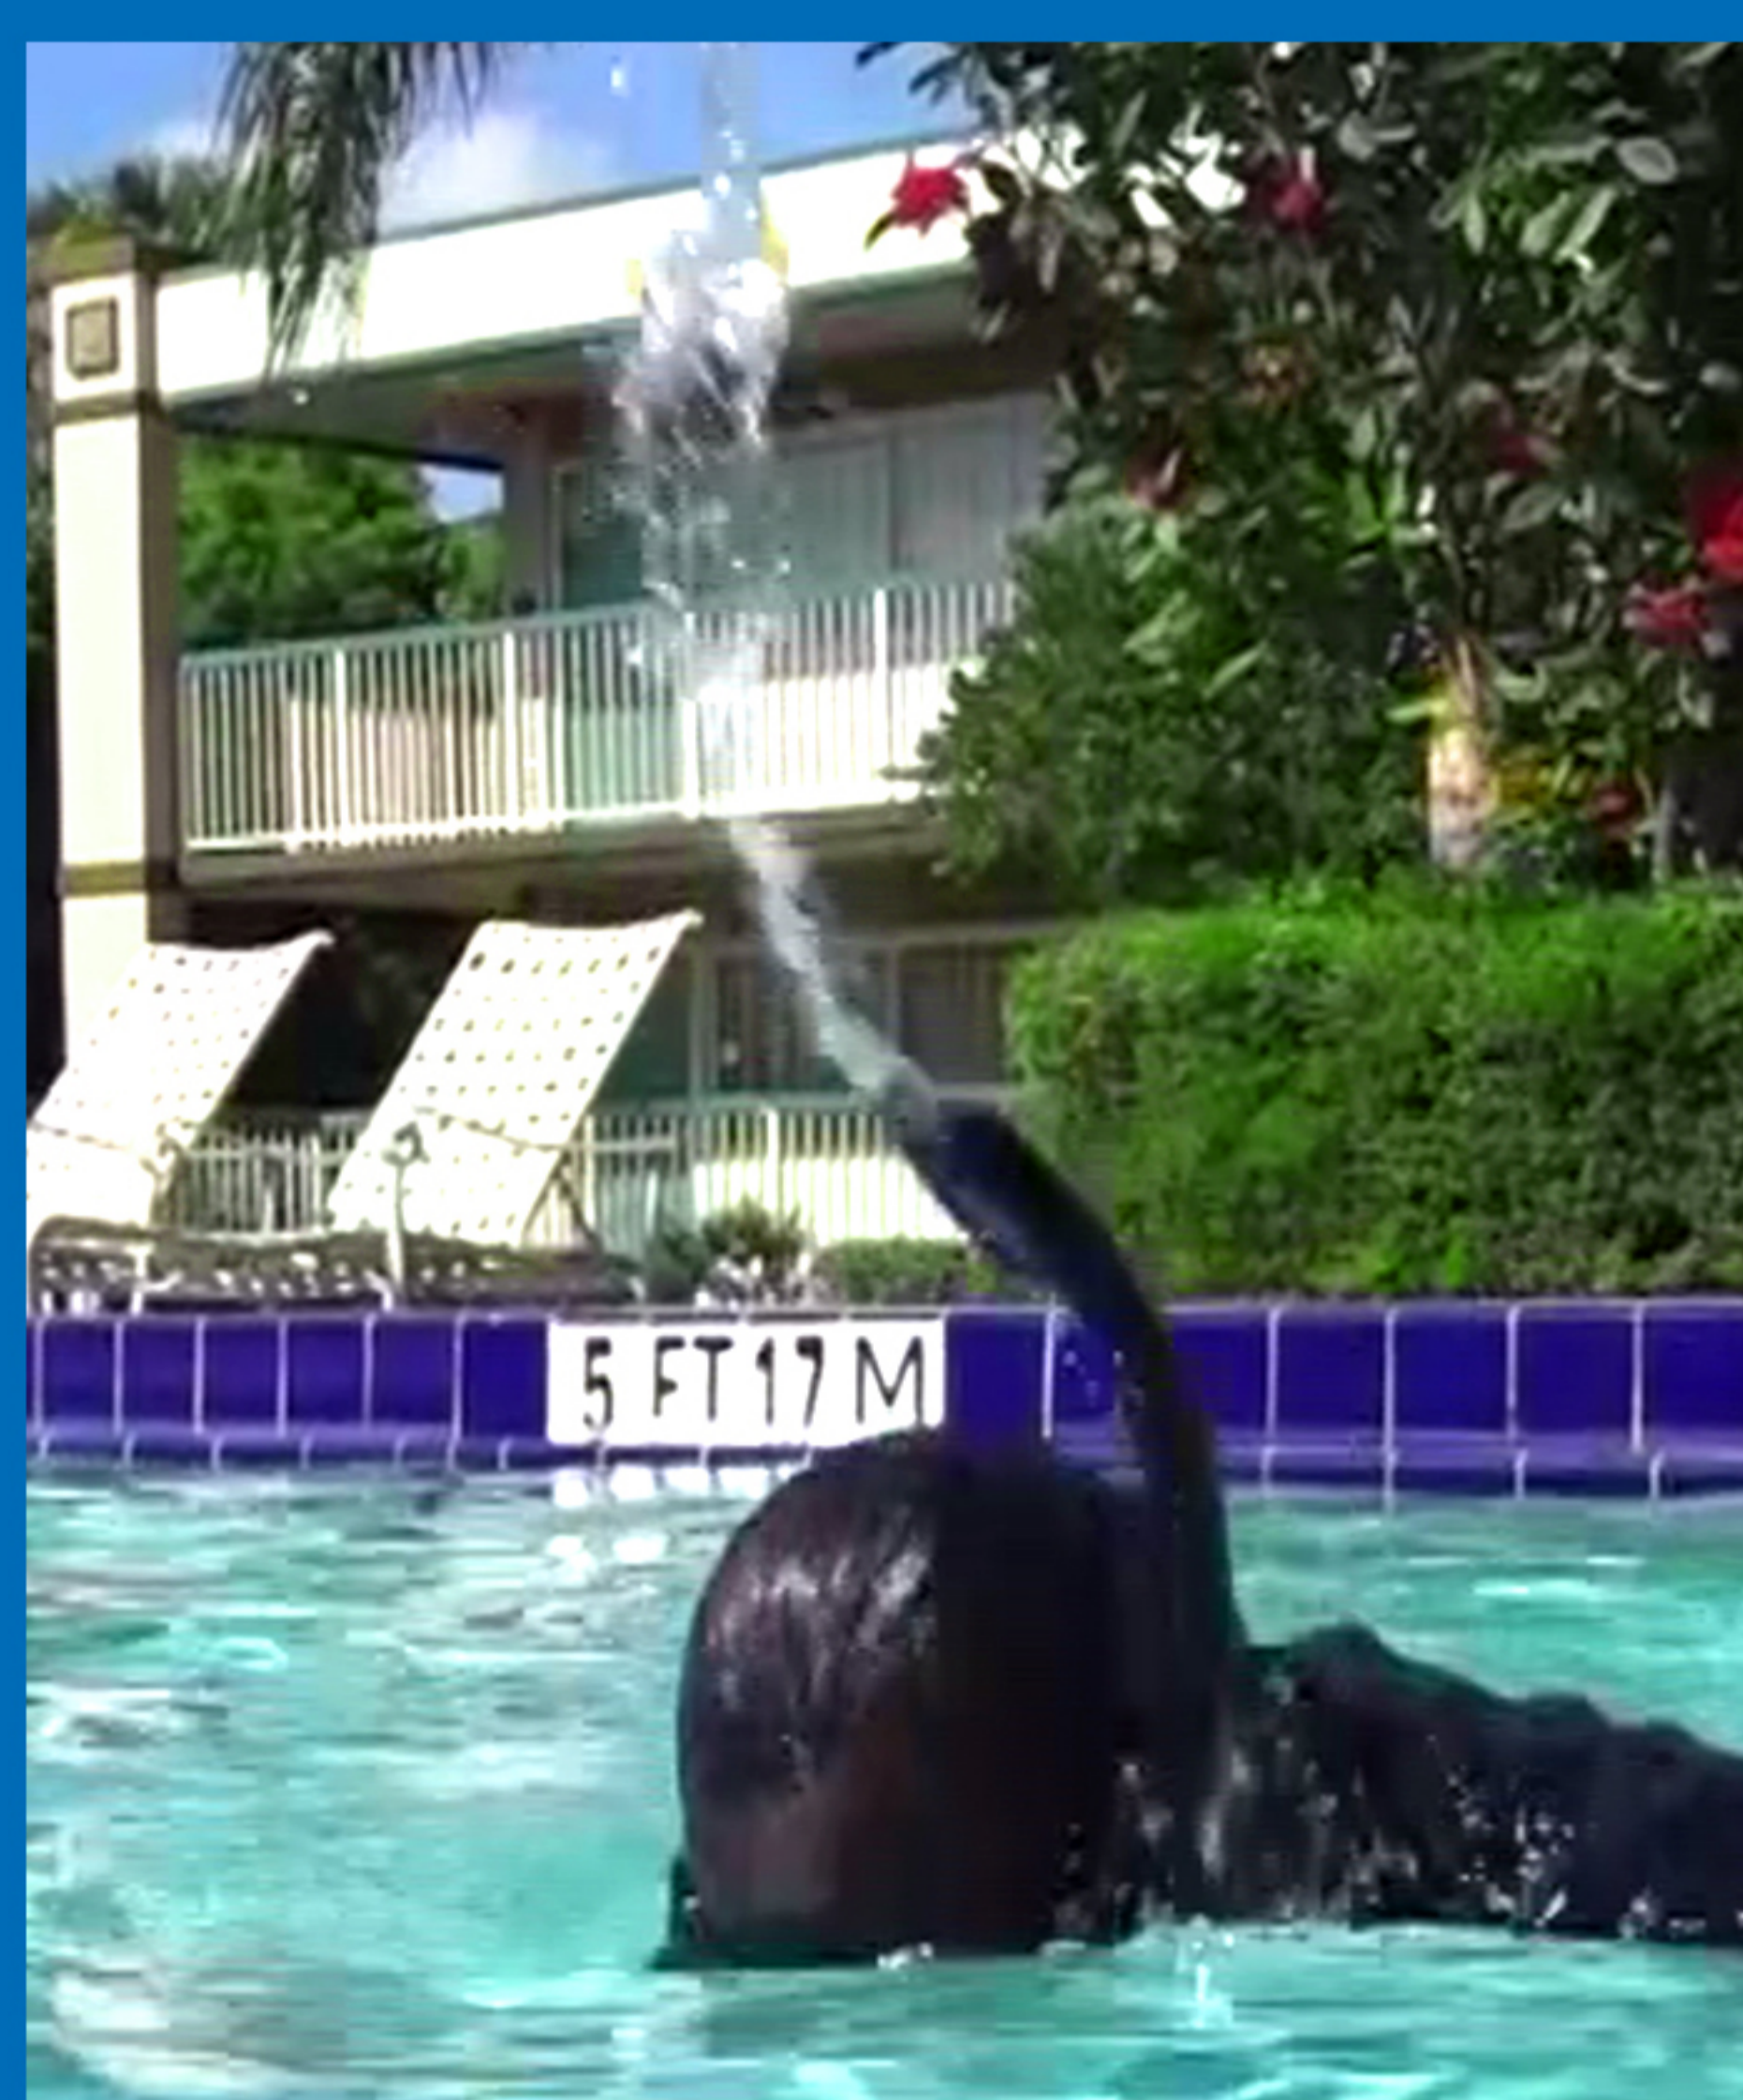

BLAST AWAY **USE CAUTION** **USE DISPLACEMENT**

BLAST AWAY

1

The key to clearing is to exhale forcefully

USE CAUTION

2

Remember that there may still be some water remaining - Inhale cautiously, you may be able to "breath past" any remaining water

USE DISPLACEMENT

3

As you near the surface, blow a puff of air into your snorkel - The snorkel will be clear by the time you surface

REMEMBER:
